

23rd October, 2014 (Lexie's Birthday!!!) – Butler Green Committee

Attended By: Mike Stewart, Lexie Taylor, Matt Armitage, Jonny Harrison, Rupert Maspero, Emi Morris, Lucy Astill, Will Macauley, Perlina Desai, Megan Deaves, Miriam Sautin, May Wall

Ideas on promotion

- People seem to be aware of the meetings – still need to increase attendance
- Possibly hold a stand in the bar, so that we can have exposure
- Assistant environment rep will be proposed as a motion in the next JCR meeting

Energy Competition

- We are unable to monitor individual blocks – therefore need new promotional ideas
- Idea to illustrate how much energy or water people use on weekly basis in the bar
- Push market food packs – come dine with me campaign via photos
- 28 Days Greener
- 28 green tips – also ways to get to livers out reps

Butler Bikes

- Meeting with Adrian and they want to buy more bikes
- Butler currently have five, but it seems logical to invest under the butler bike scheme to get more bikes at Ushaw, including electric bikes
- More branding or relaunching the scheme
- Issue that it is colder – maybe there will be more sign ups half way through the year

Green Formal

- Endangered animal theme will likely not work – rainforest theme
- Ideas: Origami, Napkin flours, vine hangings, bamboo table runners, facts about the animals, plantable confetti, grass carpet or tablerunner, melted plastic bags

AOB

- Stash items: Sports water bottle, and hot water bottle
- Plastic recycling in the gym
